

Brand Style Sheet

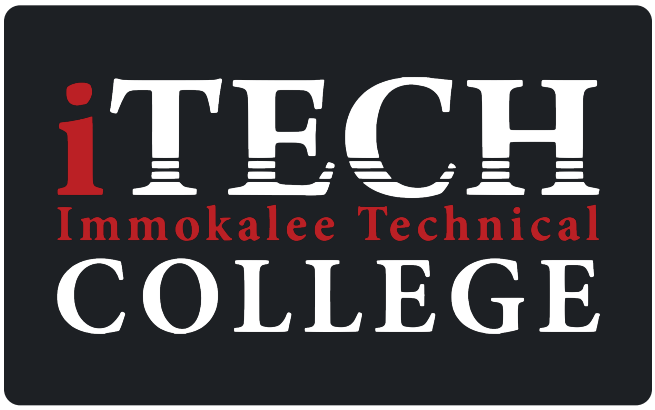

Logos, colors, type and campus details for Immokalee Technical College (iTECH) and iTECH Glades, with light-ground and single-color versions of each logo.

iTECH red #BB2025

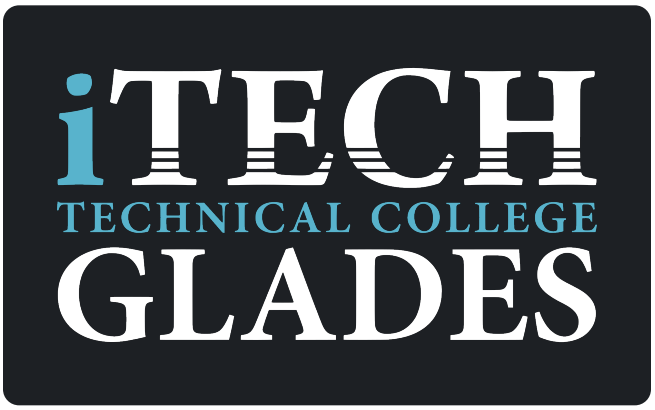

Glades blue #58B3CC

Logos: full color

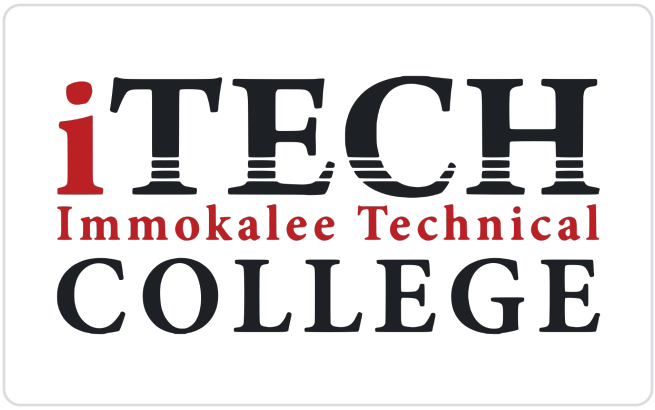

On dark as supplied; inverse on light is derived (white lettering swapped for charcoal).

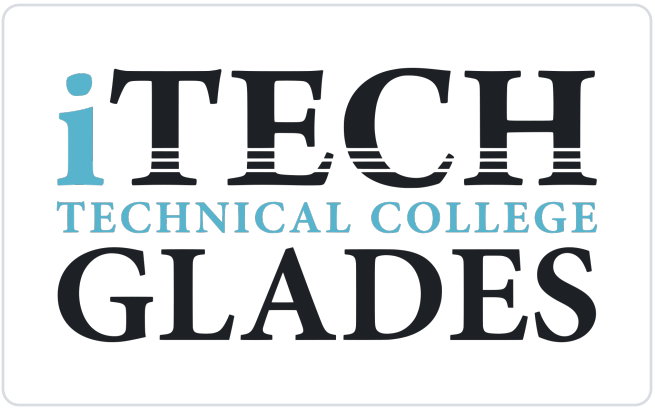

iTECH on dark (supplied)

iTECH Glades on dark (supplied)

iTECH inverse, on light (derived)

iTECH Glades inverse, on light (derived)

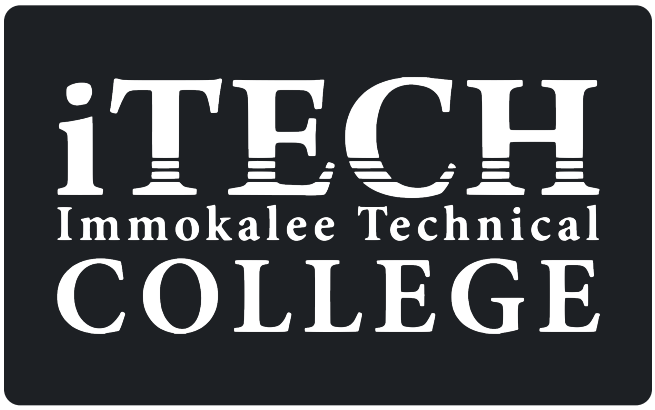

Both, on dark (supplied)

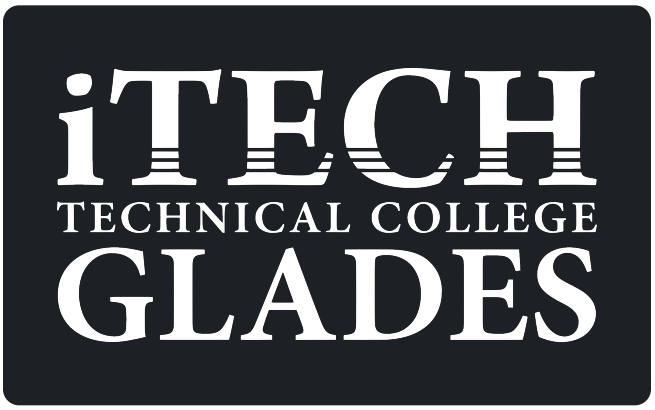

Both, inverse on light (derived)

Logos: single color and marks

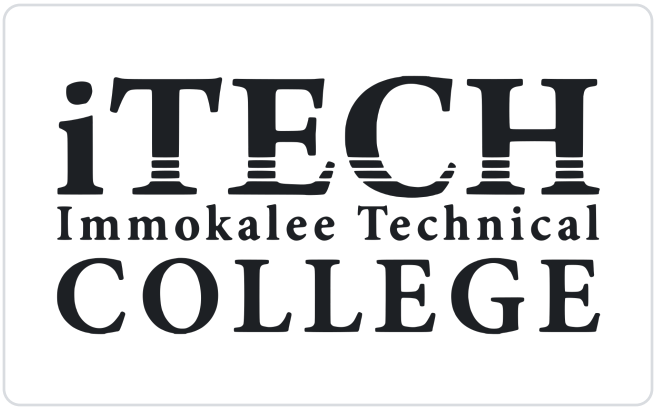

Single-color versions are derived. For one-color printing, embossing and engraving.

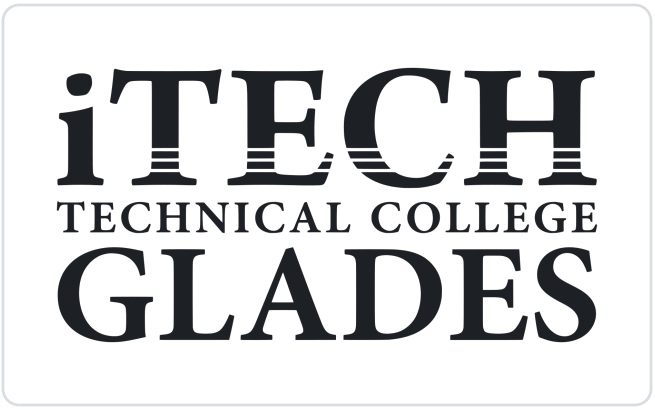

iTECH, white

iTECH Glades, white

iTECH, charcoal

iTECH Glades, charcoal

i marks

The lowercase i in each campus color works as a compact mark for small spaces.

Suggested rules (not official): use on-dark versions on dark or photographic grounds and inverse versions on white or light grounds; do not recolor, stretch or rotate; on light grounds keep the Glades logo large, since its blue is low contrast on white.

Color and type

Sampled from the pixels of the supplied PNGs.

iTECH red
#BB2025

Lowercase i and "Immokalee Technical".

Glades blue
#58B3CC

Lowercase i and "TECHNICAL COLLEGE".

White
#FFFFFF

TECH, COLLEGE and GLADES in the supplied logos.

Charcoal (suggested)
#1D2024

Inverse and single-color dark lettering. My choice, not supplied by the school.

Contrast

White on charcoal	16.4:1	Strong
Charcoal on white	16.4:1	Strong
Glades blue on charcoal	6.8:1	Good on dark grounds
iTECH red on white	6.3:1	Passes 4.5:1
iTECH red on charcoal	2.6:1	Low: logo only, no red text on dark
Glades blue on white	2.4:1	Fails for text: fill or accent only

If the college has an official dark color, such as a navy, it can replace the charcoal in the inverse and single-color versions.

Typography

The logos use a high-contrast old-style serif in the Garamond family: capitals for TECH, COLLEGE, GLADES and TECHNICAL COLLEGE, and a bold weight for "Immokalee Technical". This is a visual match; the original font is unconfirmed. Headlines: EB Garamond (fallbacks Adobe Garamond Pro, Garamond, Georgia). Text: Source Sans 3. This PDF uses Lora and Carlito as stand-ins.

Campuses and programs

From itc.collierschools.com, October 5, 2026. Tagline: "Dedicated to Excellence".

iTECH

Red. 508 North 9th Street, Immokalee, FL 34142. 15 career programs.

The school also has logos for iTown Cafe, iSalon, AutoTech @ iTECH and Little Indians Preschool. They were not supplied, so they are not covered here.

About these vectors: the Glades SVGs were traced from a 2021 px wide PNG (sharp) and the iTECH SVGs from a 416 px wide PNG (slightly softer on fine hairlines). Lettering is outlined, so no font is required. For print or signage, request the original vector files from the college.
